# INQQ The India Internet ETF

## Notes to Financial Statements

February 28, 2025 (Unaudited)

---

### 1. ORGANIZATION

Exchange Traded Concepts Trust (the “Trust”) is a Delaware statutory trust formed on July 17, 2009. The Trust is registered with the Securities and Exchange Commission (the “Commission”) under the Investment Company Act of 1940 (the “1940 Act”) as an open-end management investment company with multiple investment portfolios. The financial statements herein are those of INQQ The India Internet ETF (the “Fund”). The Fund seeks to provide investment results that, before fees and expenses, correspond generally to the price and yield performance of INQQ The India Internet Index™ (the “Index”). Exchange Traded Concepts, LLC (the “Adviser”), an Oklahoma limited liability company, serves as the investment adviser for the Fund. The Fund is classified as “non-diversified” under the 1940 Act (see “Non-Diversification Risk” under Note 6). The Fund commenced operations on April 5, 2022.

Shares of the Fund are listed and traded on the NYSE Arca, Inc. (the “Exchange”). Market prices for shares of the Fund may be different from their net asset value (“NAV”). The Fund issues and redeems shares on a continuous basis to certain institutional investors (typically market makers or other broker-dealers) at NAV only in large blocks of shares called “Creation Units.” Creation Units are available for purchase and redemption on each business day and are offered and redeemed on an in-kind basis, together with a specified cash amount, or for an all cash amount. Once created, shares trade in a secondary market at market prices that change throughout the day in share amounts less than a Creation Unit.

### 2. SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies, which are consistently followed in the preparation of the financial statements of the Trust, are in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for investment companies. The accompanying financial statements have been prepared in accordance with U.S. GAAP on the accrual basis of accounting. Management has reviewed Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946, *Financial Services – Investment Companies* (“ASC 946”), and concluded that the Fund meets the criteria of an “investment company,” and therefore, the Fund prepares its financial statements in accordance with investment company accounting as outlined in ASC 946.

**Use of Estimates and Indemnifications** – The Fund is an investment company in conformity with U.S. GAAP. Therefore, the Fund follows the accounting and reporting guidelines for investment companies. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

In the normal course of business, the Trust, on behalf of the Fund, enters into contracts that contain a variety of representations which provide general indemnifications. The Fund’s maximum exposure under these arrangements cannot be known; however, the Fund expects any risk of loss to be remote.

**Security Valuation** – The Fund records its investments at fair value. Securities listed on a securities exchange, market or automated quotation system for which quotations are readily available (except for securities traded on the NASDAQ Stock Market (“NASDAQ”)), including securities traded over the counter, are valued at the last quoted sale price on the primary exchange or market (foreign or domestic) on which they are traded (or at approximately 4:00 pm Eastern Time if a security’s primary exchange is normally open at that time), or, if there is no such reported sale, at the most recent quoted bid price for long positions and at the most recent quoted ask price for short positions. For securities traded on NASDAQ, the NASDAQ Official Closing Price will be used. If available, debt securities are priced based upon valuations provided by independent, third-party pricing agents. Such values generally reflect the last reported sales price if the security is actively traded.

---

---

# INQQ The India Internet ETF

## Notes to Financial Statements

February 28, 2025 (Unaudited) (Continued)

---

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

The third-party pricing agents may also value debt securities at an evaluated bid price by employing methodologies that utilize actual market transactions, broker-supplied valuations, or other methodologies designed to identify the fair value for such securities. Debt obligations with remaining maturities of sixty days or less when acquired will be valued at their market value. If a market value is not available from a pricing vendor or from an independent broker, the security shall be fair valued according to the Trust's fair value procedures. Prices for most securities held in the Fund are provided daily by recognized independent pricing agents. If a security price cannot be obtained from an independent, third-party pricing agent, the Fund seeks to obtain a bid price from at least one independent broker.

Rule 2a-5 under the 1940 Act establishes requirements to determine fair value in good faith for purposes of the 1940 Act. The rule permits fund boards to designate a fund's investment adviser to perform fair-value determinations, subject to board oversight and certain other conditions. The rule also defines when market quotations are "readily available" for purposes of the 1940 Act and requires a fund to fair value a portfolio investment when a market quotation is not readily available. Rule 31a-4 under the 1940 Act sets forth recordkeeping requirements associated with fair-value determinations.

Pursuant to the requirements of Rule 2a-5, the Trust's Board of Trustees (the "Board") (i) has designated the Adviser as the Board's valuation designee to perform fair-value determinations for the Fund through the Adviser's Valuation Committee and (ii) approved the Adviser's Valuation Procedures.

Some of the more common reasons that may necessitate that a security be valued using fair value procedures include: the security's trading has been halted or suspended; the security has been de-listed from a national exchange; the security's primary trading market is temporarily closed at a time when, under normal conditions, it would be open; the security has not been traded for an extended period of time; the security's primary pricing source is not able or willing to provide a price; or trading of the security is subject to local government-imposed restrictions. In addition, the Fund may fair value its securities if an event that may materially affect the value of the Fund's securities that traded outside of the United States (a "Significant Event") has occurred between the time of the security's last close and the time that the Fund calculates its net asset value. A Significant Event may relate to a single issuer or to an entire market sector. Events that may be Significant Events include, but are not limited to government actions, natural disasters, armed conflict, acts of terrorism and significant market fluctuations. If the Adviser becomes aware of a Significant Event that has occurred with respect to a security or group of securities after the closing of the exchange or market on which the security or securities principally trade, but before the time at which the Fund calculates its net asset value, it may request that a Committee meeting be called. When a security is valued in accordance with the fair value procedures, the Committee will determine the value after taking into consideration relevant information reasonably available to the Committee.

In accordance with the authoritative guidance on fair value measurements and disclosure under U.S. GAAP, the Fund discloses fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that the Fund has the ability to access at the measurement date;
- Level 2 – Quoted prices which are not active, or inputs that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and
- Level 3 – Prices, inputs or exotic modeling techniques which are both significant to the fair value measurement and unobservable (supported by little or no market activity).

---

---

# INQQ The India Internet ETF

## Notes to Financial Statements

### February 28, 2025 (Unaudited) (Continued)

---

---

#### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

The valuation techniques used by the Fund to measure fair value during the six months ended February 28, 2025 maximized the use of observable inputs and minimized the use of unobservable inputs. Investments are classified within the level of the lowest significant input considered in determining fair value.

**Federal Income Taxes** — It is the Fund's intention to qualify as a regulated investment company for Federal income tax purposes by complying with the appropriate provisions of Subchapter M of the Internal Revenue Code of 1986, as amended. Accordingly, no provisions for Federal income taxes have been made in the financial statements.

The Fund's policy is to classify interest and penalties associated with underpayment of federal and state income taxes, if any, as income tax expense on its Statement of Operations. As of February 28, 2025, the Fund did not have any interest or penalties associated with the underpayment of any income taxes. Current tax years remain open and subject to examination by tax jurisdictions. The Fund has reviewed all major jurisdictions and concluded that there is no impact on the Fund's net assets and no tax liability resulting from unrecognized tax benefits relating to uncertain income tax positions taken or expected to be taken on its tax returns.

**Foreign Taxes** — The Fund may be subject to taxes imposed by countries in which it invests. Such taxes are generally based on either income or gains earned or repatriated. The Fund accrues and applies such taxes to net investment income, net realized gains and net unrealized gains as income and/or capital gains earned.

In addition to the requirements of the Code, the Fund may also be subject to capital gains tax in India and potentially other foreign jurisdictions, on gains realized upon the sale of securities, payable upon repatriation of sales proceeds. Any realized losses in excess of gains in India may be carried forward to offset future gains. A Fund with exposure to Indian securities and potentially other foreign jurisdictions accrue a deferred tax liability for unrealized gains in excess of available loss carryforwards based on existing tax rates and holding periods of the securities.

For the six months ended February 28, 2025, Accrued Foreign Capital Gains Tax on Appreciated Securities as shown on the Statements of Assets and Liabilities and recorded Net Change in Unrealized Appreciation (Depreciation) on Deferred Accrued Foreign Capital Gains Tax on Appreciated Securities as shown on the Statements of Operations were \$0 and \$1,375,534, respectively.

**Security Transactions and Investment Income** — Security transactions are accounted for on trade date. Costs used in determining realized gains and losses on the sale of investment securities are based on specific identification. Dividend income is recorded on the ex-dividend date. Interest income is recognized on the accrual basis. Withholding taxes and reclaims on foreign dividends, if any, have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and rates.

**Foreign Currency Translation** — The books and records of the Fund are maintained in U.S. dollars. Investment securities and other assets and liabilities denominated in a foreign currency are translated into U.S. dollars on the date of valuation. Purchases and sales of investment securities, income and expenses are translated into U.S. dollars at the relevant rates of exchange prevailing on the respective dates of such transactions. The Fund does not isolate that portion of realized or unrealized gains and losses resulting from changes in the foreign exchange rate from fluctuations arising from changes in the market prices of the securities. These gains and losses are included in net realized and unrealized gains and losses on investments on the Statement of Operations. Net realized and unrealized gains and losses on foreign currency transactions represent net foreign exchange gains or losses from foreign currency exchange contracts, disposition of foreign currencies, currency gains or losses realized between trade and settlement dates on securities transactions and the difference between the amount of the investment income and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent amounts actually

---

---

# INQQ The India Internet ETF

## Notes to Financial Statements

February 28, 2025 (Unaudited) (Continued)

---

---

### 2. SIGNIFICANT ACCOUNTING POLICIES (concluded)

received or paid. The Fund may be subject to foreign taxes related to foreign income received, capital gain on the sale of securities and certain foreign currency transactions (a portion of which may be reclaimable). All foreign taxes are recorded in accordance with the applicable regulations and rates that exist in the foreign jurisdictions in which the Fund invests.

**Cash and Cash Equivalents** – Idle cash may be swept into various overnight demand deposits and is classified as Cash and Cash equivalents on the Statement of Assets and Liabilities, if any. The Fund maintains cash in bank deposit accounts which, at times, may exceed United States federally insured limits. Amounts swept overnight are available on the next business day.

**Dividends and Distributions to Shareholders** – The Fund pays out dividends from its net investment income and distributes its net capital gains, if any, to investors at least annually. All distributions are recorded on ex-dividend date.

**Creation Units** – The Fund issues and redeems shares at NAV and only in Creation Units, or multiples thereof. Purchasers of Creation Units (“Authorized Participants”) at NAV must pay a standard creation transaction fee regardless of the number of Creation Units created in a given transaction. An Authorized Participant who holds Creation Units and wishes to redeem at NAV would also pay a standard minimum redemption transaction fee to the custodian on the date of such redemption, regardless of the number of Creation Units redeemed in a given transaction. The Fund may charge, either in lieu of or in addition to the fixed creation transaction fee, a variable fee for creations and redemptions in order to cover certain non-standard brokerage, tax, foreign exchange, execution, market impact and other costs and expenses related to the execution of trades resulting from such transactions. In all cases, such fees will be limited in accordance with the requirements of the Commission applicable to management investment companies offering redeemable securities.

The Adviser may retain all or a portion of the transaction fee to the extent the Adviser bears the expenses that otherwise would be borne by the Trust in connection with the purchase or redemption of a Creation Unit, which the transaction fee is designed to cover.

Except when aggregated in Creation Units, shares are not redeemable securities of the Fund. Shares of the Fund may only be purchased or redeemed by certain Authorized Participants. An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a Depository Trust Company (“DTC”) participant and, in each case, must have executed an Authorized Participant Agreement with the Fund’s distributor. Most retail investors will not qualify as Authorized Participants or have the resources to buy and sell whole Creation Units. Therefore, they will be unable to purchase or redeem the shares directly from the Fund. Rather, most retail investors will purchase and sell shares in the secondary market with the assistance of a broker and will be subject to customary brokerage commissions or fees.

To the extent contemplated by an Authorized Participant Agreement, in the event an Authorized Participant has submitted a redemption request in proper form but is unable to transfer all or part of the shares comprising a Creation Unit to be redeemed to SEI Investments Distribution Co. (the “Distributor”), on behalf of the Fund, by the time as set forth in the Authorized Participant Agreement, the Distributor may nonetheless accept the redemption request in reliance on the undertaking by the Authorized Participant to deliver the missing shares as soon as possible, which undertaking shall be secured by the Authorized Participant’s delivery and maintenance of collateral equal to a percentage of the value of the missing shares as specified in the Authorized Participant Agreement. An Authorized Participant Agreement may permit the Fund to use such collateral to purchase the missing shares, and could subject an Authorized Participant to liability for any shortfall between the cost of the Fund acquiring such shares and the value of the collateral. Amounts are disclosed as Segregated Cash Balance from Authorized Participants for Deposit Securities and Collateral Payable upon Return of Deposit Securities on the Statement of Assets and Liabilities, when applicable.

### 3. SERVICE PROVIDERS

#### *Investment Advisory and Administrative Services*

The Adviser is an Oklahoma limited liability company located at 10900 Hefner Pointe Drive, Suite 400, Oklahoma City, Oklahoma 73120, its principal place of business, and 295 Madison Avenue, New York, New York 10017. The Adviser serves as investment adviser to the Fund pursuant to an investment advisory agreement with the Trust (the “Advisory Agreement”). Under the Advisory Agreement, the Adviser provides investment advisory services to the Fund and is responsible for the day-to-day management of the Fund, including, among other things, implementing changes to the Fund’s portfolio in connection with any rebalancing or reconstitution of the Index, trading portfolio securities on behalf of the Fund, and selecting broker-dealers to execute purchase and sale transactions, subject to the oversight of the Board. For the services it provides to the Fund, the Fund pays the Adviser a fee, which is calculated daily and paid monthly, at an annual rate of 0.86% of the average daily net assets of the Fund.

ETC Platform Services, LLC (“ETC Platform Services”), a direct wholly-owned subsidiary of the Adviser administers the Fund’s business affairs and provides office facilities and equipment, certain clerical, bookkeeping and administrative services, paying agent services under the Fund’s unitary fee arrangement (as described below), and its officers and employees to serve as officers or Trustees of the Trust. ETC Platform Services also arranges for transfer agency, custody, fund administration and accounting, and other non-distribution related services necessary for the Fund to operate. For the services it provides to the Fund, ETC Platform Services is paid a fee calculated daily and paid monthly based on a percentage of the Fund’s average daily net assets.

Under the Advisory Agreement, the Adviser has agreed to pay all expenses incurred by the Fund (including the fee charged by ETC Platform Services) except for the advisory fee, interest, taxes, brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments, acquired fund fees and expenses, accrued deferred tax liability, extraordinary expenses, and distribution fees and expenses paid by the Fund under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act (“Excluded Expenses”).

EMQQ Global LLC is the sponsor of the Fund’s Index and the Fund (the “Sponsor”). In connection with an arrangement between the Adviser and the Sponsor, the Sponsor has agreed to assume the obligation of the Adviser to pay all expenses of the Fund (except Excluded Expenses) and, to the extent applicable, pay the Adviser a minimum fee. For its services, the Sponsor is entitled to a fee from the Adviser, which is calculated daily and paid monthly, based on a percentage of the average daily net assets of the Fund. The Sponsor does not make investment decisions, provide investment advice, or otherwise act in the capacity of an investment adviser to the Fund.

A Trustee and certain officers of the Trust are affiliated with the Adviser and receive no compensation from the Trust for serving as officers and/or Trustee.

#### *Distribution Arrangement*

The Distributor serves as the Fund’s underwriter and distributor of shares pursuant to a distribution agreement (the “Distribution Agreement”). Under the Distribution Agreement, the Distributor, as agent, receives orders to purchase shares in Creation Units and transmits such orders to the Fund’s custodian and transfer agent. The Distributor has no obligation to sell any specific quantity of Fund shares. The Distributor bears the following costs and expenses relating to the distribution of shares: (i) the expenses of maintaining its registration or qualification as a dealer or broker under federal or state laws; (ii) filing fees; and (iii) all other expenses incurred in connection with the distribution services, that are not reimbursed by the Adviser, as contemplated in the Distribution Agreement. The Distributor does not maintain any secondary market in Fund shares.

## Notes to Financial Statements

### February 28, 2025 (Unaudited) (Continued)

---

### 3. SERVICE PROVIDERS (concluded)

The Fund has adopted a Distribution and Service Plan (the “Plan”) pursuant to Rule 12b-1 under the 1940 Act. In accordance with the Plan, the Fund is authorized to pay an amount up to 0.25% of its average daily net assets each year for certain distribution-related activities. For the six months ended February 28, 2025, no fees were charged by the Distributor under the Plan and the Plan will only be implemented with approval of the Board.

*Administrator, Custodian and Transfer Agent*

SEI Investments Global Funds Services serves as the Fund’s administrator pursuant to an administration agreement. Brown Brothers Harriman & Co. serves as the Fund’s custodian and transfer agent pursuant to a custodian agreement and transfer agency services agreement. The Adviser pays these fees.

An officer of the Trust is affiliated with the administrator and receives no compensation from the Trust for serving as an officer.

### 4. INVESTMENT TRANSACTIONS

For the six months ended February 28, 2025, the purchases and sales of investments in securities, excluding in-kind transactions, long-term U.S. Government and short-term securities were:

Purchases	Sales and Maturities
\$ 31,366,400	\$ 13,437,809

For the six months ended February 28, 2025, there were no purchases or sales of long-term U.S. Government securities by the Fund.

For the six months ended February 28, 2025, in-kind transactions associated with creations and redemptions were:

Purchases	Sales	Net Realized Gain (Loss)
\$ 1,935,829	\$ —	\$ —

### 5. TAX INFORMATION

The amount and character of income and capital gain distributions to be paid, if any, are determined in accordance with Federal income tax regulations, which may differ from U.S. GAAP. As a result, net investment income (loss) and net realized gain (loss) on investment transactions for a reporting period may differ significantly from distributions during such period. These book/tax differences may be temporary or permanent. To the extent these differences are permanent in nature, they are charged or credited to paid-in capital and distributable earnings, as appropriate, in the period that the differences arise.

The tax character of dividends and distributions declared during the fiscal years ended August 31, 2024 and August 31, 2023, was as follows:

	Ordinary Income	Long-Term Capital Gain	Totals
2024.....	\$ 5,457	\$ —	\$ 5,457
2023.....	—	—	—

---

# INQQ The India Internet ETF

## Notes to Financial Statements

### February 28, 2025 (Unaudited) (Continued)

---

#### 5. TAX INFORMATION (concluded)

As of August 31, 2024, the components of Distributable Earnings (Accumulated Losses) on a tax basis were as follows:

Undistributed Ordinary Income .....	\$ 704,074
Unrealized Appreciation (Depreciation) .....	6,945,711
Total Distributable Earnings (Accumulated Losses) .....	<u>\$ 7,649,785</u>

The Federal tax cost and aggregate gross unrealized appreciation and (depreciation) on investments held by the Fund at February 28, 2025, were as follows:

Federal Tax Cost	Aggregated Gross Unrealized Appreciation	Aggregated Gross Unrealized Depreciation	Net Unrealized Appreciation (Depreciation)
\$ 58,227,946	\$ 6,555,136	\$ (8,050,297)	\$ (1,495,161)

#### 6. PRINCIPAL RISKS OF INVESTING IN THE FUND

As with all exchange traded funds (“ETFs”), a shareholder of the Fund is subject to the risk that his or her investment could lose money. The Fund is subject to the principal risks noted below, any of which may adversely affect the Fund’s NAV, trading price, yield, total return and ability to meet its investment objective. Additional principal risks are disclosed in the Fund’s prospectus. Please refer to the Fund’s prospectus for a complete description of the principal risks of investing in the Fund.

*Currency Exchange Rate Risk:* To the extent the Fund invests in securities denominated in non-U.S. currencies, changes in currency exchange rates and the relative value of non-U.S. currencies will affect the value of the Fund’s investment and the value of your shares. Because the Fund’s NAV is determined in U.S. dollars, the Fund’s NAV could decline if the currency of the non-U.S. market in which the Fund invests depreciates against the U.S. dollar, even if the value of the Fund’s holdings, measured in the foreign currency, increases. Currency exchange rates can be very volatile and can change quickly and unpredictably. As a result, the value of an investment in the Fund may change quickly and without warning and you may lose money.

*Indian Securities Risk:* Investment in Indian securities involves risks in addition to those associated with investments in securities of issuers in more developed countries, which may adversely affect the value of the Fund’s assets. Such heightened risks include, among others, political and legal uncertainty, greater government control over the economy, currency fluctuations or blockage and the risk of nationalization or expropriation of assets.

The securities market of India is considered an emerging market that is characterized by a comparatively smaller number of listed companies that have significantly smaller market capitalizations, greater price volatility and less liquidity than companies in more developed markets. These factors, coupled with restrictions on foreign investment and other factors, limit the supply of securities available for investment. This may affect the rate at which the Fund is able to invest in securities of Indian companies, the purchase and sale prices for such securities, and the timing of purchases and sales. Certain restrictions on foreign investment may decrease the liquidity of the Fund’s portfolio, subject the Fund to higher transaction costs, or inhibit the Fund’s ability to track the Index. The Fund’s investments in securities of issuers located or operating in India, as well as its ability to track the Index, also may be limited or prevented, at times, due to the limits on foreign ownership imposed by the Reserve Bank of India (“RBI”).

The Fund is registered as a foreign portfolio investor (“FPI”) with the Securities and Exchange Board of India (“SEBI”), India’s securities markets regulator, in order to have the ability to make and dispose of investments in Indian listed and/or to-be listed securities. There can be no assurance that the Fund will qualify or continue to qualify as an FPI under the SEBI (Foreign Portfolio Investors) Regulations, 2019 (“FPI Regulations”) or that

## Notes to Financial Statements

### February 28, 2025 (Unaudited) (Continued)

---

---

#### 6. PRINCIPAL RISKS OF INVESTING IN THE FUND (continued)

the Indian regulatory authorities will continue to grant such registrations, and the loss of such registration could adversely impact the ability of the Fund to make and dispose of investments in India. Investments by FPIs in Indian securities are also subject to certain limits and restrictions under applicable law, and the application of such limits and restrictions could adversely impact the ability of the Fund to make investments in India.

Because the Fund invests primarily in the securities of listed companies in India, it will be impacted by events or conditions affecting India. Political and economic conditions and changes in regulatory, tax, or economic policy in India could significantly affect the market in that country and in surrounding or related countries and have a negative impact on the Fund's performance. There may be less reliable or publicly-available information about the Indian market due to non-uniform regulatory, accounting, auditing or financial recordkeeping standards, which could cause errors in the implementation of the Fund's investment strategy and in index data, computation, and construction. For these reasons, the Index Provider's due diligence and oversight process with respect to index data, computation, construction and rebalancing may be limited, all of which may have an adverse impact on the Fund. The Fund's performance may depend on issues other than those that affect U.S. companies and may be adversely affected by different rights and remedies associated with emerging market investments, or the lack thereof, compared to those associated with U.S. companies. The Indian economy may differ favorably or unfavorably from the U.S. economy in such respects as the rate of growth of gross domestic product, the rate of inflation, capital reinvestment, resource self-sufficiency and balance of payments position.

The Indian government has exercised and continues to exercise significant influence over many aspects of the economy, and the number of public sector enterprises in India is substantial. Accordingly, Indian government actions in the future could have a significant effect on the Indian economy. Despite recent downturns, the Indian economy has experienced generally sustained growth during the last several years. There are no guarantees this will continue. While the Indian government has implemented economic structural reforms with the objective of liberalizing India's exchange and trade policies, reducing the fiscal deficit, controlling inflation, promoting a sound monetary policy, reforming the financial sector, and placing greater reliance on market mechanisms to direct economic activity, there can be no assurance that these policies will continue or that the economic recovery will be sustained. Ethnic and border disputes persist in India. In addition, India has experienced civil unrest and hostilities with neighboring countries such as Pakistan. The Indian government has confronted separatist movements in several Indian states. Investment and repatriation restrictions and tax laws in India may impact the ability of the Fund to track the Index. Each of the factors described above could have a negative impact on the Fund's performance and increase the volatility of the Fund.

*Limited Authorized Participants, Market Makers and Liquidity Providers Concentration Risk:* Because the Fund is an ETF, only a limited number of institutional investors (known as "Authorized Participants") are authorized to purchase and redeem shares directly from the Fund. In addition, there may be a limited number of market makers and/or liquidity providers in the marketplace. To the extent either of the following events occurs, the risk of which is higher during periods of market stress, shares of the Fund may trade at a material discount to NAV, possibly face delisting and may experience wider bid-ask spreads: (i) Authorized Participants exit the business or otherwise become unable to process creation and/or redemption orders and no other Authorized Participants step forward to perform these services, or (ii) market makers and/or liquidity providers exit the business or significantly reduce their business activities and no other entities step forward to perform their functions.

*Market Risk:* The market price of an investment could decline, sometimes rapidly or unpredictably, due to general market conditions that are not specifically related to a particular company, such as real or perceived adverse economic or political conditions throughout the world, changes in the general outlook for corporate earnings, changes in interest or currency rates, or adverse investor sentiment generally. The market value of an investment also may decline because of factors that affect a particular industry or industries such as labor shortages, increased production costs, and competitive conditions. Local, regional, or global events such as war, acts of terrorism, the

## Notes to Financial Statements

### February 28, 2025 (Unaudited) (Concluded)

---

---

#### 6. PRINCIPAL RISKS OF INVESTING IN THE FUND (concluded)

spread of infectious illness or other public health issues, recessions, or other events could have a significant impact on the market generally and on specific investments. For example, in recent years, the COVID-19 pandemic, the large expansion of government deficits and debt as a result of government actions to mitigate the effects of the pandemic, Russia's invasion of Ukraine, the conflict in the Middle East, and the rise of inflation have resulted in extreme volatility in the global economy and in global financial markets. Economies and financial markets throughout the world are becoming increasingly interconnected. As a result, whether or not the Fund invests in securities of issuers located in or with significant exposure to countries experiencing economic and financial difficulties, the value and liquidity of the Fund's investments may be negatively affected.

*Non-Diversification Risk:* The Fund is non-diversified, meaning that, as compared to a diversified fund, it can invest a greater percentage of its assets in securities issued by or representing a small number of issuers. As a result, the performance of these issuers can have a substantial impact on the Fund's performance.

#### 7. OTHER

At February 28, 2025, the records of the Trust reflected that 100% of the Fund's total shares outstanding were held by four Authorized Participants, in the form of Creation Units. However, the individual shares comprising such Creation Units are listed and traded on the Exchange and have been purchased and sold by persons other than Authorized Participants.

#### 8. RECENT MARKET EVENTS

Local, regional, or global events such as war, acts of terrorism, the spread of infectious illness or other public health issues, recessions, or other events could have a significant impact on the market generally and on specific securities. Periods of market volatility may occur in response to such events and other economic, political, and global macro factors.

Governments and central banks, including the Federal Reserve in the United States, took extraordinary and unprecedented actions to support local and global economies and the financial markets in response to the COVID-19 pandemic, including by keeping interest rates at historically low levels for an extended period. The Federal Reserve concluded its market support activities in 2022 and began to raise interest rates in an effort to fight inflation. However, the Federal Reserve has recently lowered interest rates and may continue to do so. This and other government intervention into the economy and financial markets to address the pandemic, inflation, or other significant events in the future may not work as intended, particularly if the efforts are perceived by investors as being unlikely to achieve the desired results.

#### 9. SUBSEQUENT EVENTS

The Fund has evaluated the need for additional disclosures and/or adjustments resulting from subsequent events through the date the financial statements were issued. Based on this evaluation, no additional disclosures and/or adjustments were required to the financial statements.

**Item 8. Changes in and Disagreements with Accountants for Open-End Management Investment Companies.**

Not applicable.

**Item 9. Proxy Disclosures for Open-End Management Investment Companies.**

There were no matters submitted to a vote of shareholders during the period covered by this report.

**Item 10. Remuneration Paid to Directors, Officers, and Others of Open-End Management Investment Companies.**

Remuneration was paid by the company during the period covered by the report to Trustees on the company's Board of Trustees. The Board of Trustees expensed \$9,092 to each Fund in the Trust for the period covered by the report.

**Item 11. Statement Regarding Basis for Approval of Investment Advisory Contract.**

*Approval of Continuance of Investment Advisory Agreement with respect to INQQ*

At a meeting held on September 17, 2024 (the "Meeting"), the Board of Trustees (the "Board") of Exchange Traded Concepts Trust (the "Trust") considered and approved the continuance of the investment advisory agreement between the Trust, on behalf of the INQQ The India Internet ETF (the "Fund"), and Exchange Traded Concepts, LLC ("ETC") pursuant to which ETC provides advisory services to the Fund (the "Agreement").

Pursuant to Section 15 of the Investment Company Act of 1940 (the "1940 Act"), the Agreement must be approved by a vote of (i) the Trustees or the shareholders of the Fund and (ii) a majority of the Trustees who are not parties to the Agreement or "interested persons" of any party thereto, as defined in the 1940 Act (the "Independent Trustees"), cast in person at a meeting called for the purpose of voting on such approval. In connection with its consideration of such approvals, the Board must request and evaluate, and ETC is required to furnish, such information as may be reasonably necessary to evaluate the terms of the Agreement. In addition, rules under the 1940 Act require the Fund to disclose in its shareholder reports the material factors and the conclusions with respect thereto that formed the basis for the Board's approval of the Agreement.

Consistent with these responsibilities, prior to the Meeting, the Board reviewed written materials from ETC and, at the Meeting, representatives from ETC presented additional oral and written information to help the Board evaluate the Agreement. Among other things, representatives from ETC provided an overview of its advisory business, including investment personnel and investment processes. During the Meeting, the Board discussed the materials it received, including a memorandum from legal counsel to the Independent Trustees on the responsibilities of Trustees in considering the approval of investment advisory agreements under the 1940 Act, considered ETC's oral presentation, and deliberated on the approval of the Agreement in light of this information. Throughout the process, the Trustees were afforded the opportunity to ask questions of and request additional materials from ETC. The Independent Trustees were assisted in their review by independent legal counsel and met with counsel separately and without management present.

In considering whether to approve the continuance of the Agreement, the Board took into account the materials provided for the Meeting, the extensive discussion before and during the Meeting, including the discussion the Independent Trustees had during their executive session with independent legal counsel. In particular, the Board took into consideration (i) the nature, extent, and quality of the services provided by ETC to the Fund; (ii) the Fund's performance; (iii) ETC's costs of and profits realized from providing advisory services to the Fund, including any fall-out benefits to ETC or its affiliates; (iv) comparative fee and expense data; (v) the extent to which the advisory fee for the Fund reflects economies of scale shared with Fund shareholders; and (vi) other factors the Board deemed to be relevant.

---

## INQQ The India Internet ETF

### Other Information (Form N-CSRS Items 8-11)

(Unaudited) (Continued)

---

---

*Nature, Extent, and Quality of Services.* With respect to the nature, extent, and quality of the services provided to the Funds, the Board considered ETC's specific responsibilities in all aspects of the day-to-day management of the Funds.

The Board considered that responsibilities with respect to the Funds' portfolios include developing, implementing, and maintaining the Fund's investment program; implementing changes to a Fund's portfolio in connection with any rebalancing or reconstitution of the underlying index; selecting broker-dealers to execute purchase and sale transactions; determining the daily baskets of deposit securities and cash components; executing portfolio securities trades for purchases and redemptions of Fund shares conducted on a cash-in-lieu basis. The Board considered that beyond portfolio management, ETC, including through its affiliates, also maintains responsibilities for overseeing compliance with relevant law; monitoring compliance with various policies and procedures and applicable securities regulations; the provision of various administrative services to the Fund and oversight of third-party administrators, quarterly reporting to the Board; and implementing Board directives as they relate to the Fund. The Board considered that those services also include arranging for and providing oversight of transfer agency, custody, fund administration and accounting, and other non-distribution related services necessary for the Fund to operate; administering the Fund's business affairs; providing office facilities and equipment and certain clerical, bookkeeping, and administrative services; liaising with and reporting to the Board on matters relating to Fund operations; supervising the Fund's registration as an investment company and the offering of Fund shares to the public, including oversight and preparation of regulatory filings; working with ETF market participants, including authorized participants, market makers, and exchanges, to help facilitate an orderly trading environment for the Fund's shares; and providing its officers and employees to serve as officers or Trustees of the Trust.

The Board noted that it has reviewed ETC's responses to a detailed series of questions, which included a description of ETC's consolidated operations, services, personnel, compliance program, risk management program, and financial condition, and an overview of the material changes to such information since it was last presented to the Board. The Board considered the qualifications, experience, and responsibilities of ETC's investment personnel, the quality of ETC's compliance infrastructure, and the determination of the Trust's Chief Compliance Officer that ETC has procedures that are reasonably designed to comply with the federal securities laws. The Board considered ETC's experience working with ETFs, including the Fund, other series of the Trust, and other ETFs outside of the Trust. The Board also noted no material changes to ETC's staffing, management, or overall condition over the past year. Based on the factors discussed above, as well as those discussed below, the Board concluded that it was satisfied with the nature, extent, and quality of services provided to the Fund by ETC.

*Performance.* The Board reviewed the Fund's performance in light of its stated investment objective, noting that the Fund is passively managed and the Fund's objective was to provide investment results that correspond to the total return performance of its index. The Board was provided reports regarding the Fund's past performance, including a report comparing the Fund's performance to the performance of its underlying index for various time periods ended June 30, 2024, and the Board found that there was a significant difference between the Fund's performance and its index. The Board reviewed information regarding the attribution of the Fund's index tracking, noting that the significant component of the underperformance was the result of the impact of accrued tax liability for foreign withholding taxes. The Board found that there were no other material components that contributed to the Fund's tracking error and further noted that it received regular reports regarding the Fund's performance, including tracking error, at its quarterly meetings throughout the year.

*Cost of Advisory Services and Profitability.* The Board reviewed the advisory fee paid by the Fund to ETC under the Agreement. The Board reviewed reports prepared by ISS, an independent third party, comparing the Fund's advisory fee to those paid by a group of peer funds. The Board noted that the report included mutual funds in the peer group, which were intended to enhance the Board's ability to evaluate the quality of fees and expenses on a broader scale. The Board took into account the differences in operations and fee structures between ETFs and mutual

---

---

## INQQ The India Internet ETF

### Other Information (Form N-CSRS Items 8-11)

(Unaudited) (Concluded)

---

---

funds and gave such weight to the mutual fund data as it deemed appropriate. The Board noted that ISS selected the particular mutual funds that were included in its report. In support of its review of the statistical information, the Board was provided with a description of the methodology used by ISS to prepare this information. The Board noted that the Fund's advisory fee was the second highest among the peer ETFs and higher than the median of the whole peer group.

The Board took into consideration that the advisory fee for the Fund is a "unitary fee," meaning that the Fund pays no expenses other than the advisory fee and certain expenses customarily excluded from unitary fee arrangements, such as brokerage commissions, taxes and interest. The Board noted that, under the Agreement, ETC is responsible for compensating the Funds' other service providers and paying the Funds' other expenses out of its own fee and resources and that, while the Funds' index provider has assumed such responsibility, ETC is ultimately responsible for ensuring the obligation is satisfied. The Board considered information provided about the costs and expenses incurred by ETC in providing advisory services, evaluated the compensation and benefits received by ETC from its relationship with the Fund, and reviewed profitability information from ETC with respect to the Fund. The Board considered the risks borne by ETC associated with providing services to the Funds, including the entrepreneurial risk associated with sponsoring new funds, as well as the enterprise risk emanating from litigation and reputational risks, operational and business risks, and other risks associated with the ongoing management of the Funds. Based on the foregoing information, the Board concluded that the advisory fee appeared reasonable in light of the services rendered.

*Economies of Scale.* The Board considered whether economies of scale have been realized with respect to the Funds. The Board concluded that no significant economies of scale have been realized and that the Board will have the opportunity to periodically reexamine whether such economies have been achieved.

*Conclusion.* No single factor was determinative of the Board's decision to approve the continuance of the Agreement on behalf of the Funds; rather, the Board based its determination on the total mix of information available to it. Based on a consideration of all the factors in their totality, the Board, including the Independent Trustees, determined that the Agreement, including the compensation payable thereunder, was fair and reasonable to the Funds. The Board, including the Independent Trustees, therefore determined that the approval of the continuance of the Agreement was in the best interests of the Fund and its shareholders.
